- MOI** and
- the **Global Partnership**,
- a framework for follow-up and **review of implementation**.

1 NO
POVERTY

End poverty in all its forms everywhere

Targets-7 (2 Means of Implementation)

Target 1.1 By 2030, eradicate extreme poverty for all people everywhere, currently measured as people living on less than \$1.25 a day

Target 1.2: By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions

Target 1.3: Implement nationally appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable

Target 1.a: Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular LDCs, to implement programmes and policies to end poverty in all its dimensions

Target 1.4: By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including micro finance

Target 1.5: By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and Disasters

Target 1.b: Create sound policy frameworks at the national, regional and international levels, based on pro-poor and gender-sensitive development strategies, to support accelerated investment in poverty eradication actions

2 ZERO
HUNGER

End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Targets-8 (3 Means of Implementation)

Target 2.1: By 2030, end hunger and ensure access by all people, in particular the poor and people in vulnerable situations, including infants, to safe, nutritious and sufficient food all year round

Target 2.2: By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons

Target 2.3: By 2030, double the agricultural productivity and incomes of small-scale food producers, in particular women, indigenous peoples, family farmers, pastoralists and fishers, including through secure and equal access to land, other productive resources and inputs, knowledge, financial services, markets and opportunities for value addition and non-farm employment

Target 2.4: By 2030, ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, that help maintain ecosystems, that strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality

Target 2.5: By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed

Target 2.a: Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries

Target 2.b: Correct and prevent trade restrictions and distortions in world agricultural markets, including through the parallel elimination of all forms of agricultural export subsidies and all export measures with equivalent effect, in accordance with the mandate of the Doha Development Round

Target 2.c: Adopt measures to ensure the proper functioning of food commodity markets and their derivatives and facilitate timely access to market information, including on food reserves, in order to help limit extreme food price volatility

3 GOOD HEALTH AND WELL-BEING

Ensure healthy lives and promote well-being for all at all ages

Targets-13 (4 Means of Implementation)

Target 3.1: By 2030, reduce the global MMR to less than 70 per 100,000 live births

Target 3.2: By 2030, end preventable deaths of new-borns and children under 5 years of age, with all countries aiming to reduce NMR to at least as low as 12 per 1,000 LB and U5MR to at least as low as 25 per 1,000 LB

Target 3.3: By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water-borne diseases and other communicable diseases

Target 3.4: By 2030, reduce by one third premature mortality from NCD through prevention and treatment and promote mental health and well-being

Target 3.5: Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol

Target 3.6: By 2020, halve the number of global deaths and injuries from road traffic accidents

Target 3.7: By 2030, ensure universal access to SRH-care services, including for FP, information and education, and the integration of RH into national strategies and programmes

Target 3.8: Achieve UHC, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all

Target 3.9: By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination

Target 3.a: Strengthen the implementation of the WHO FCTC in all countries, as appropriate

Target 3.b: Support the R&D of vaccines and medicines for the communicable and NCD that primarily affect developing countries, provide access to affordable essential medicines and vaccines, in accordance with the Doha Declaration on the TRIPS Agreement and PH, which affirms the right of developing countries to use to the full the provisions in the Agreement on Trade Related Aspects of IPRs regarding flexibilities to protect PH, and, in particular, provide access to medicines for all

Target 3.c: Substantially increase health financing and the recruitment, development, training and retention of the health workforce in developing countries, especially in least developed countries and small island developing States

Target 3.d: Strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks

11 SUSTAINABLE CITIES AND COMMUNITIES

Make cities and human settlements inclusive, safe, resilient and sustainable

Targets-10 (3 Means of Implementation)

Target 11.1: By 2030, ensure access for all to adequate, safe and affordable housing and basic services and upgrade slums

Target 11.2: By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons

Target 11.3: By 2030, enhance inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries

Target 11.4: Strengthen efforts to protect and safeguard the world's cultural and natural heritage

Target 11.5: By 2030, significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global GDP caused by disasters, including water-related disasters, with a focus on protecting the poor and people in vulnerable situations

Target 11.6: By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management

Target 11.7: By 2030, provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and children, older persons and persons with disabilities

Target 11.a: Support positive economic, social and environmental links between urban, peri-urban and rural areas by strengthening national and regional development planning

Target 11.b: By 2020, substantially increase the number of cities and human settlements adopting and implementing integrated policies and plans towards inclusion, resource efficiency, mitigation and adaptation to climate change, resilience to disasters, and develop and implement, in line with the Sendai Framework for DRR 2015-2030, holistic disaster risk management at all levels

Target 11.c: Support LDCs, including through financial and technical assistance, in building sustainable and resilient buildings utilizing local materials

12 RESPONSIBLE
CONSUMPTION
AND PRODUCTION

Ensure sustainable consumption and production patterns

Targets-11 (3 Means of Implementation)

Target 12.1: Implement the 10-year framework of programmes on sustainable consumption and production, all countries taking action, with developed countries taking the lead, taking into account the development and capabilities of developing countries

Target 12.2: By 2030, achieve the sustainable management and efficient use of natural resources

Target 12.3: By 2030, halve per capita global food waste at the retail and consumer levels and reduce food losses along production and supply chains, including post-harvest losses

Target 12.4: By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment

Target 12.5: By 2030, substantially reduce waste generation through prevention, reduction, recycling and reuse

Target 12.6: Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle

Target 12.7: Promote public procurement practices that are sustainable, in accordance with national policies and priorities

Target 12.8: By 2030, ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in harmony with nature

Target 12.a: Support developing countries to strengthen their scientific and technological capacity to move towards more sustainable patterns of consumption and production

Target 12.b: Develop and implement tools to monitor sustainable development impacts for sustainable tourism that creates jobs and promotes local culture and products

Target 12.c: Rationalize inefficient fossil-fuel subsidies that encourage wasteful consumption by removing market distortions, in accordance with national circumstances, including by restructuring taxation and phasing out those harmful subsidies, where they exist, to reflect their environmental impacts, taking fully into account the specific needs and conditions of developing countries and minimizing the possible adverse impacts on their development in a manner that protects the poor and the affected communities

Take urgent action to combat climate change and its impacts

Targets-5 (2 Means of Implementation)

Target 13.1: Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries

Target 13.2: Integrate climate change measures into national policies, strategies and planning

Target 13.3: Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning

Target 13.a: Implement the commitment undertaken by developed-country parties to the United Nations Framework Convention on Climate Change to a goal of mobilizing jointly \$100 billion annually by 2020 from all sources to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation and fully operationalize the Green Climate Fund through its capitalization as soon as possible

Target 13.b: Promote mechanisms for raising capacity for effective climate change-related planning and management in least developed countries and small island developing States, including focusing on women, youth and local and marginalized communities

14 LIFE
BELOW WATER

Conserve and sustainably use the oceans, seas and marine resources for sustainable development

Targets-10 (3 Means of Implementation)

Target 14.1: By 2025, prevent and significantly reduce marine pollution of all kinds, in particular from land-based activities, including marine debris and nutrient pollution

Target 14.2: By 2020, sustainably manage and protect marine and coastal ecosystems to avoid significant adverse impacts, including by strengthening their resilience, and take action for their restoration in order to achieve healthy and productive oceans

Target 14.3: Minimize and address the impacts of ocean acidification, including through enhanced scientific cooperation at all levels

Target 14.4: By 2020, effectively regulate harvesting and end overfishing, illegal, unreported and unregulated fishing and destructive fishing practices and implement science-based management plans, in order to restore fish stocks in the shortest time feasible, at least to levels that can produce maximum sustainable yield as determined by their biological characteristics

Target 14.5: By 2020, conserve at least 10% of coastal and marine areas, consistent with national and international law and based on the best available scientific information

Target 14.6: By 2020, prohibit certain forms of fisheries subsidies which contribute to overcapacity and overfishing, eliminate subsidies that contribute to illegal, unreported and unregulated fishing and refrain from introducing new such subsidies, recognizing that appropriate and effective special and differential treatment for developing and LDCs should be an integral part of the WTO fisheries subsidies negotiation* (*Taking into account ongoing World Trade Organization negotiations, the Doha Development Agenda and the Hong Kong ministerial mandate.)

Target 14.7: By 2030, increase the economic benefits to Small Island developing States and least developed countries from the sustainable use of marine resources, including through sustainable management of fisheries, aquaculture and tourism

Target 14.a: Increase scientific knowledge, develop research capacity and transfer marine technology, taking into account the Intergovernmental Oceanographic Commission Criteria and Guidelines on the Transfer of Marine Technology, in order to improve ocean health and to enhance the contribution of marine biodiversity to the development of developing countries, in particular SIDSs and LDCs

Target 14.b: Provide access for small-scale artisanal fishers to marine resources and markets

Target 14.c: Enhance the conservation and sustainable use of oceans and their resources by implementing international law as reflected in UNCLOS, which provides the legal framework for the conservation and sustainable use of oceans and their resources, as recalled in paragraph 158 of “The Future We Want”

15 LIFE
ON LAND

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation, and halt biodiversity loss

Targets-12 (3 Means of Implementation)

Target 15.1: By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and dry lands, in line with obligations under international agreements

Target 15.2: By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation globally

Target 15.3: By 2030, combat desertification, restore degraded land and soil, including land affected by desertification, drought and floods, and strive to achieve a land degradation-neutral world

Target 15.4: By 2030, ensure the conservation of mountain ecosystems, including their biodiversity, in order to enhance their capacity to provide benefits that are essential for sustainable development

Target 15.5: Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity and, by 2020, protect and prevent the extinction of threatened species

Target 15.6: Promote fair and equitable sharing of the benefits arising from the utilization of genetic resources and promote appropriate access to such resources, as internationally agreed

Target 15.7: Take urgent action to end poaching and trafficking of protected species of flora and fauna and address both demand and supply of illegal wildlife products

Target 15.8: By 2020, introduce measures to prevent the introduction and significantly reduce the impact of invasive alien species on land and water ecosystems and control or eradicate the priority species

Target 15.9: By 2020, integrate ecosystem and biodiversity values into national and local planning, development processes, poverty reduction strategies and accounts

Target 15.a: Mobilize and significantly increase financial resources from all sources to conserve and sustainably use biodiversity and ecosystems

Target 15.b: Mobilize significant resources from all sources and at all levels to finance sustainable forest management and provide adequate incentives to developing countries to advance such management, including for conservation and reforestation

Target 15.c: Enhance global support for efforts to combat poaching and trafficking of protected species, including by increasing the capacity of local communities to pursue sustainable livelihood opportunities

16 PEACE, JUSTICE
AND STRONG
INSTITUTIONS

Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Targets-12 (2 Means of Implementation)

Target 16.1: Significantly reduce all forms of violence and related death rates everywhere

Target 16.2: End abuse, exploitation, trafficking and all forms of violence against and torture of children

Target 16.3: Promote the rule of law at the national and international levels and ensure equal access to justice for all

Target 16.4: By 2030, significantly reduce illicit financial and arms flows, strengthen the recovery and return of stolen assets and combat all forms of organized crime

Target 16.5: Substantially reduce corruption and bribery in all their forms

Target 16.6: Develop effective, accountable and transparent institutions at all levels

Target 16.7: Ensure responsive, inclusive, participatory and representative decision-making at all levels

Target 16.8: Broaden and strengthen the participation of developing countries in the institutions of global governance

Target 16.9: By 2030, provide legal identity for all, including birth registration

Target 16.10: Ensure public access to information and protect fundamental freedoms, in accordance with national legislation and international agreements

Target 16.a: Strengthen relevant national institutions, including through international cooperation, for building capacity at all levels, in particular in developing countries, to prevent violence and combat terrorism and crime

17 PARTNERSHIPS
FOR THE GOALS

**Strengthen the means of implementation
and revitalize the global partnership for
sustainable development**

Targets (19)

Target 17.1: Strengthen domestic resource mobilization, including through international support to developing countries, to improve domestic capacity for tax and other revenue collection

Target 17.2: Developed countries to implement fully their official development assistance commitments, including the commitment by many developed countries to achieve the target of 0.7% of ODA/GNI to developing countries and 0.15 to 0.20 per cent of ODA/GNI to LDCs; ODA providers are encouraged to consider setting a target to provide at least 0.20% of *ODA/GNI* to least developed countries

Target 17.3: Mobilize additional financial resources for developing countries from multiple sources

Target 17.4: Assist developing countries in attaining long-term debt sustainability through coordinated policies aimed at fostering debt financing, debt relief and debt restructuring, as appropriate, and address the external debt of highly indebted poor countries to reduce debt distress

Target 17.5: Adopt and implement investment promotion regimes for least developed countries

Target 17.6: Enhance North-South, South-South and triangular regional and international cooperation on and access to science, technology and innovation and enhance knowledge sharing on mutually agreed terms, including through improved coordination among existing mechanisms, in particular at the UN level, and through a global technology facilitation mechanism

Target 17.7: Promote the development, transfer, dissemination and diffusion of environmentally sound technologies to developing countries on favourable terms, including on concessional and preferential terms, as mutually agreed

Target 17.8: Fully operationalize the technology bank and science, technology and innovation capacity-building mechanism for least developed countries by 2017 and enhance the use of enabling technology, in particular ICT

Target 17.9: Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the sustainable development goals, including through N-S, S-S and triangular cooperation

Target 17.10: Promote a universal, rules-based, open, non-discriminatory and equitable multilateral trading system under the WTO, including through the conclusion of negotiations under its Doha Development Agenda

Targets (19)

Target 17.11: Significantly increase the exports of developing countries, in particular with a view to doubling the LDCs' share of global exports by 2020

Target 17.12: Realize timely implementation of DFQF market access on a lasting basis for all LDCs, consistent with WTO decisions, including by ensuring that preferential Rules of Origin applicable to imports from LDCs are transparent and simple, and contribute to facilitating market access

Target 17.13: Enhance global macroeconomic stability, including through policy coordination and policy coherence

Target 17.14: Enhance policy coherence for sustainable development

Target 17.15: Respect each country's policy space and leadership to establish and implement policies for poverty eradication and sustainable development

Target 17.16: Enhance the global partnership for sustainable development, complemented by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the sustainable development goals in all countries, in particular developing countries

Target 17.17: Encourage and promote effective public, public-private and civil society partnerships, building on the experience and resourcing strategies of partnerships

Target 17.18: By 2020, enhance capacity-building support to developing countries, including for LDCs and SIDSs, to increase significantly the availability of high-quality, timely and reliable data disaggregated by income, gender, age, race, ethnicity, migratory status, disability, geographic location and other characteristics relevant in national contexts

Target 17.19: By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries

Initiatives of GOB in mainstreaming the Agenda 2030 (SDGs) Implementation

Alignment of SDGs with 7th FYP

- As an 'early starter' country to implement Agenda 2030, Bangladesh emphasized SDGs while setting up the priority areas for 7th Five Year Plan (2016-20).

- A total of 14 goals (82%) are found to be thematically fully aligned with the plan document
- 3 Goals -Goal 14, Goal 16 and Goal 17 (18%) are partially aligned.

Alignment of SDGs (Goals only) with the 7th Five Year Plan

Alignment of SDGs with 7th FYP (contd)

- A total of 58 (34.3%) SDGs targets are found to be aligned with 7th FYP
- 38 (22.5%) targets are partially aligned
- 73 (43.2%) targets are not aligned.

Challenges remain in Indicators as around 20% Indicators of SDGs are incorporated in the 7th FYP

Alignment of SDGs (Targets) with the 7th Five Year Plan

SDGs As Mapped in 7th Five year Plan

SDG1. End poverty in all its forms everywhere

7FYP Target: Income and poverty

- Reduction in the head-count **poverty ratio** by about 6.2 percentage points (**from 24.8% to 18.6%**)
- Reduction in extreme poverty by about 4.0 percentage points (8.9 % in 2020)
- Spending on Social Protection as a share of GDP to be increased to 2.3% of GDP.
- Creation of a Lagging Region Fund

Goal 2. End hunger, achieve food security and improved nutrition and promote sustainable agriculture

7FYP Target: Poverty and Hunger

- Consolidation of Food Transfer Programmes as suggested by National Social Security Programme
- Reduce proportion of stunting among under-five children from 36.1% to 25%
- Reduce proportion of underweight children among under-five children from 32.6% to 20%

SDGs As Mapped in 7th Five year Plan (contd.)

SDG 3. Ensure healthy lives and promote well-being for all at all ages

7FYP Target: Human Resource Development (Health and Population)

- **Under 5 mortality rate** to be reduced from **41 to 37** per 1000 live birth.
- **Maternal Mortality Ratio** to be reduced from 170 to 105 per 100,000 live births.
- **Immunization**, measles (percent of children under 12 months) to be increased to **100 percent**.
- **Births attended by skilled health staff** to be increased to **65 percent**.
- Reduction of **Total Fertility Rate to 2.0**
- Increasing **Contraceptive Prevalence Rate to 75%**

SDG 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

7FYP Target: Human Resource Development (Education)

- Achieving **100% net enrollment** rate for primary and secondary education.
- Ensure **quality education** at primary, secondary and tertiary education.
- Percentage of cohort reaching **grade 5 to be increased to 100%** from current 80%.

SDGs As Mapped in 7th Five year Plan (contd.)

SDG 5. Achieve gender equality and empower all women and girls

7FYP Target: Gender equality

- **Gender Parity Index** in tertiary education to be raised from current **0.70 to 1.0**.
- The ratio of **literate female to male for age group 20-24** to be raised to **100% from the current 86%**.
- Increase the share of female officers (Grade-9 and above) in the public sector to 25% by 2020.

SDG 6. Ensure availability and sustainable management of water and sanitation for all

7FYP Target: Water and Sanitation

- **Safe drinking water** to be made available for all rural and urban population
- Proportion of **urban population with access to sanitary latrines** to be increased to **100 percent**.
- Proportion of **rural population** with access to sanitary latrines to be raised to **90 percent**.

SDG 7. Ensure access to affordable, reliable, sustainable and modern energy for all

7FYP Target: Energy

- **Generation of electricity** to be increased to **23,000 MW**.
- **Electricity coverage** to be increased to **96%**.
- Increase energy efficiency by 10%

SDGs As Mapped in 7th Five year Plan (contd.)

SDG 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

7FYP Target: Macroeconomic and Sector Development

- Attaining average real **GDP growth rate of 7.4%** per year over the Plan period.
- Total **revenue** to be raised from **10.7% of GDP to 16.1%** by FY20
- Maintain the current **fiscal deficit of 5%** of GDP
- **FDI to be increased substantially** to \$9.6 billion by FY20 from present \$1.57 billion
- Substantial improvement of **exports to \$54.1b** by FY20 from \$30.3b of FY15
- Raising **Trade-GDP ratio to 50%** by FY20
- **Creating good jobs** for the large pool of under-employed and new labor force entrants by increasing the share of **employment in the manufacturing sector from 15 percent to 20 percent.**
- **12.9 million additional jobs** will be available during 7th FYP, including some 2 million jobs abroad, **for the 9.9 million labour** that will join the workforce

SDGs As Mapped in 7th Five year Plan (contd.)

SDG 9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

7FYP Target: Infrastructure & Industrialization

- Construction of 6.15 km. long **Padma Multi- purpose Bridge** at Mawa-Janjira;
- Construction of about 26 km. long **Dhaka Elevated Expressway**.
- Focus on fast tracking a number of ***transformational infrastructure projects***.
- Substantially reduce urban traffic congestion with focus on Dhaka and Chittagong Metropolitan areas
- Increase the **contribution of the manufacturing** sector to **21.5% of GDP by FY20 from 17.8%** of FY15.

7FYP Target: ICT Development

- Increase spending on **Research and Development from 0.6% to 1% of GDP** (it was same in 6FYP).
- Increase proportion of primary government schools with a computer laboratory.
- Improve **tele-density to 100%**
- Expansion of **Broad Band Coverage to 35%** from present 30%
- **Increase earnings from ICT, travel and tourism from \$1.5 billion to \$2.6 billion.**

SDGs As Mapped in 7th Five year Plan (contd.)

SDG 10. Reduce inequality within and among countries

7FYP Target: Social protection

- Spending on **Social Protection** as a share of GDP to be increased to **2.3% of GDP**.
- **Reduce Income Inequality** from **0.458** to **downward**

SDG 11. Make cities and human settlements inclusive, safe, resilient and sustainable

7FYP Target: Urban Development

- Access to **improved water source** will be ensured for all urban dwellers
- Coverage of drainage system to be expanded to 80%

- The draft report is being shared with different stakeholders including government, NGOs, CSOs, Academia and Development Partners. After consultations, the VNR will be finalized and sent to the HLPF of Sustainable Development.

The woods are lovely, dark and deep,
But I have promises to keep,
And miles to go before I sleep,
And miles to go before I sleep.
